<i>Silk</i> Currettes and Scalers	14-17
Hollow Core Currettes and Scalers	18-21
Currettes and Scalers	22-27
Periodontal Probes	28-30
Tissue Nippers	31
Pumice Cups	31
Sharpening Stones	31

Compare our scalers and curettes with the best in the industry and you will immediately recognize we are equal in every way but one ... price. Apples to apples. Our scalers and curettes to their scalers and curettes. Note the deep precision knurling for a better tactile feel. Same high-grade German 440A stainless steel tips. Same 9.5 mm diameter for easier handling. Same light weight (under 20 grams) for less hand fatigue. Same professional craftsmanship. Surpassing the highest industry standards.

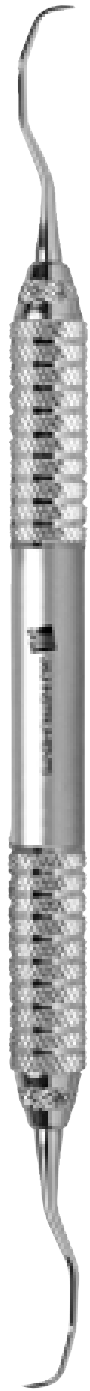

Of course, any manufacturer can make these claims. We guarantee and certify ours.

In fact, our instruments are manufactured within the guidelines of the FDA quality assurance system for Good Manufacturing Practices and our factory is ISO 13485 certified. All our products bear the CE mark, emblematic of the European Community's highest standards.

The only difference is our price. We cost a lot less.

And if you don't agree ... if our instruments don't meet your standards, you can return them for a full refund.
